DOE/023/015
Juab County, Utah

Dear Mr. Michael:

The Division has received your May 13, 1984 letter containing the Declaration of Exemption for the clay mining operation (ELE-M-ITE) on Section 32, Township 16 South, Range 1 West, in Juab County, Utah. The information you have presented indicates that you are exempt from the rules and regulations as set forth in the 1975 Mined Land Reclamation Act of Utah. A copy of the file has been returned along with the file number which we ask you to reference in future correspondence.

Should you anticipate that the operation will exceed the two acre limitation, please notify this Division at least six months in advance so that the processing of your mining and reclamation plan may begin.

A copy of the May 3, 1984 letter from Western Surety Company has been enclosed. The Division requests that you remedy this situation with the Division of State Lands and Forestry immediately.

If you have any questions, please contact me or D. Wayne Hedberg of my staff.

Sincerely,

James W. Smith, Jr.
Administrator

and Reclamation Program
